

New procedures for using the Neighbors Place. Please read carefully and follow the instructions provided.

Thank you for visiting the Neighbors Place

Due to our efforts to help limit your exposure to the Coronavirus, we are implementing a new system to facilitate our food distribution efforts. Beginning today, you will not need to come to the front door and check in. Simply follow the guidelines listed below and we will continue to serve you as fast as we can.

- 1) Start forming a line on Scott St just west of The Neighbors Place. When Scott St. parking is full, begin parking along N. St. Paul St. (Refer to map above)
- 2) We will have 2 cars pull into the "loading area" in front of our lower sliding glass door.
- 3) When a car leaves, the next car on Scott St. will pull into the vacated loading stall.
- 4) Please stay in your car until directed otherwise. We will ask for some basic information when you pull up.
- 5) We will bring the groceries to your car and let you know when you can load them in your car.
- 6) You will still be limited to 2 visits per month, so please be respectful and abide by that rule.
- 7) Thank you in advance for your understanding while we work through this very difficult time.
